FR KEN WRITES

An article in last weeks Catholic paper 'The Tablet' suggests four possible characteristics of the Church in the post COVID-19 world. There will be a missionary simplicity, taking the message of Christ to the most vulnerable, the poorest and forgotten; the Church will be smaller and more focussed on the poor and characterised by service; thirdly there will be a strong link with the natural world and with the place of science; and, finally, there will be new ways of bringing the Gospel and the Sacraments to people who will be active disciples rather than passive consumers, and in that connection we need to remind ourselves that the first Church is our home.

This gives us plenty to think and pray about!

PARISH COUNCIL MEETING

On Wednesday 3rd June, the Parish Council met for the first time since lockdown via Zoom! The format worked well, and we will share the minutes of the meeting in the newsletter next week.
